(X) = Not Applicable

¹ Total money income is the algebraic sum of money wages and salaries, net income from self-employment, and income other than earnings.

² Households with a foreign-born householder are defined as foreign-born households, regardless of the nativity of the other household members.

³ The category '2000 or later' includes 2000-2004.

⁴ Households in which at least one member is related to the person who owns or rents the house (householder)

⁵ In married-couple households, citizenship status and year of entry refer to the householder.

⁶ No spouse present.

⁷ All characteristics based on 2004 data except income which is based on 2003.
